

## **Pilgrim Love**

We are a pilgrim people  
Who travel with nothing but love  
We may carry other things  
But the first is love  
The love of Jesus in our hearts  
Love for people who are different  
Different personalities  
Different sense of humour  
Different priorities  
Different perspectives  
Different motivation  
Different religion  
Different background  
We love because  
    He first loved us  
    And calls us to do likewise
